Inter-Institutional 50% Tuition Waiver Policies for Illinois State University Student Parent or Parent's Domestic Partner Employed at (or Retired from) Illinois State University

General Overview

The Inter-Institutional tuition waiver for children provides a 50% tuition waiver for up to 4 years of **undergraduate education only (excluding non-credit courses)**. This benefit applies as long as the student maintains satisfactory academic progress towards graduation and the parent or parent's domestic partner is a current employee in active status (including those on approved leaves of absence and not on permanent layoff) or a retiree of Illinois State University.

Student Eligibility

- Must be under age 25 at the beginning of any academic year (defined as the first day of instruction) in which the waiver will be effective.
- Must be the natural, stepchild, or adopted child of an eligible employee or the child of the domestic partner of an eligible employee or retiree.

Parent Eligibility

- Must be a current employee at Illinois State University and employed in a SURS eligible appointment capacity.
- Must be a current employee in active status as of the first day of the academic term at Illinois State University. Changes in status after the academic term begins will only affect future academic terms.
- Must have completed at least 7 years of eligible employment at 50% or more as of the first day of the academic term at Illinois State University. The 7 years can be a combination of employment among the nine public Illinois universities and do not have to be consecutive. If this is the case, be sure to denote time frames worked and name the university where employed. Employment records of two employed parents cannot be combined to meet the 7-year employment requirement. If both parents are employees, the maximum tuition waiver is still only 50%.
- Employees of Illinois State University hired prior to 1999 - with continuous employment since that date and at least 3 years of 100% employment or 7 years of eligible part-time employment at Illinois State University - are also eligible employees.
- Employees of Illinois State University must have at least 7 years of service at Illinois State University for the child of a domestic partner to qualify for a 50% tuition waiver valid only at Illinois State University.
- Retirees must have retired directly from Illinois State University and had 7 years of service at Illinois State University, prior to retirement, for their child or the child of their domestic partner to qualify for a 50% tuition waiver valid only at Illinois State University.

Basic Processing Instructions

- Each student must complete (yearly) the area titled "Tuition Waiver Benefit Utilization Record" found on the reverse side of the application. If the student attended more than one university, the student must complete a copy of this side of the form listing each prior public university attended. Extra application forms may be necessary or you can photocopy the reverse side to provide another form.
- All completed forms should be returned to the Office of Human Resources in the Nelson Smith Building or mailed to: Office of Human Resources, Campus Box 1300, Normal, IL 61790-1300 Or Email to hrtuitionwaivers@ilstu.edu. Human Resources will verify the current employment of the parent or parent's domestic partner. If the employee has worked at another listed university **prior** to the current employer and needs this employment to meet the 7-year requirement, verification by that university will also be required.
- Please be aware that when the 50% tuition waiver is awarded to a child of a public university employee, it is considered "financial aid" and is processed along with other types of financial aid. At *Illinois State University*, depending on each student's individual financial aid situation, all, part, or none of the tuition waiver may be awarded. In general, outside sources of funds (grants and scholarships) will supersede this tuition waiver, while this tuition waiver will supersede loan monies. This may not be the case at other public universities.
- Please follow the instructions supplied by Illinois State University for a tuition waiver at Illinois State University, as each university has different requirements regarding frequency of application and payment schedules.
