# Inter-Institutional 50% Tuition Waiver For Children of Public University Employees

## General Overview

The Inter-Institutional tuition waiver for children provides a 50% tuition waiver for up to 4 years of **undergraduate education only (excluding non-credit courses)**. This benefit applies as long as the child maintains satisfactory academic progress towards graduation and the parent is a current employee in active status (including those on approved leaves of absence and not on permanent layoff).

## Student Eligibility

- Must be under age 25 at the beginning of any academic year (defined as the first day of instruction) in which the waiver will be effective.
- Must be the natural child, adopted child, or stepchild of an eligible employee.
- Must attend one of the nine Illinois public universities listed below.

## Parent Eligibility

- Must be a current employee at one of the nine Illinois public universities listed below and be employed at 50% time or more in a SURS eligible appointment capacity.

Chicago State University	Eastern Illinois University	Governor's State University
Illinois State University	Northeastern Illinois University	Northern Illinois University
Southern Illinois University	Western Illinois University	University of Illinois

- Must be a current employee in active status as of the first day of the academic term at the university where the child is enrolled. Changes in status after the academic term begins will only affect future academic terms and the university issuing the tuition waiver must be notified.
- Must have completed at least 7 years of eligible employment (50% or more) as of the first day of the academic term at the university where the student is enrolled. The 7 years can be a combination of employment among the nine universities and do not have to be consecutive. If this is the case, be sure to denote time frames worked and name the university where employed. Employment records of two employed parents cannot be combined to meet the 7-year employment requirement. If both parents are employees, the maximum tuition waiver is still only 50%.

## Basic Processing Instructions

- Either the parent or the child/student can request the application from Illinois State University or print from our website [http://hr.illinoisstate.edu/benefits/tuition\\_waivers/](http://hr.illinoisstate.edu/benefits/tuition_waivers/).
- Each student must complete (yearly) the area titled "Tuition Waiver Benefit Utilization Record" found on the reverse side of the application. If the student attended more than one university, the student must complete a copy of this side of the form for each prior public university attended. Extra application forms may be necessary or you can photocopy the reverse side to provide another form.
- All completed forms should be returned to the Human Resources Office where the parent is employed. That office will verify the current employment of the parent. If the parent has worked at another listed university **prior** to the current employer and needs this employment to meet the 7-year requirement, verification by that university will also be required.
- Please be aware that when the 50% tuition waiver is awarded to a child of a public university employee, it is considered "financial aid" and is processed along with other types of financial aid. At *Illinois State University*, depending on each student's individual financial aid situation, all, part, or none of the tuition waiver may be awarded. In general, outside sources of funds (grants and scholarships) will supersede this tuition waiver, while this tuition waiver will supersede loan monies. This may not be the case at other public universities.
- Please follow the instructions supplied by Illinois State University for a tuition waiver at Illinois State University, as each university has different requirements regarding frequency of application and payment schedules.
