RE: \_\_\_\_\_  
(Applicant/employee Name)

Dear Health Care Provider:

The above named applicant/employee has requested an accommodation under the Americans with Disabilities Act and amendments (ADAAA) based on their disability/medical condition. The applicant/employee's request for an accommodation cannot be processed without the requested information. It would be greatly appreciated if you could provide this information as soon as possible.

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical documentation. 'Genetic Information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

Please contact me if you have any questions or concerns. Thank you in advance for your assistance.

Sincerely,

Jeff Lange  
Assistant Director  
ADA Coordinator
